

The Journal OF THE *House of Representatives*

Number 38

Tuesday, April 30, 2013

The House was called to order by the Speaker at 9:00 a.m.

Prayer

The following prayer was offered by the Reverend Gus Spanos of First Baptist Church of Quincy, upon invitation of Rep. A. Williams:

Most gracious heavenly Father, we come before You today to express our gratitude for You and to this body for the many, many blessings of the state of Florida. Our hearts are thankful, because today we recognize that every good thing comes from You. And we do bring the needs of our state before You, and ask You to grant Godly wisdom and guidance to these honorable men and women here in the House of Representatives, who were elected to represent and be the voice of the fine people of Florida. And Father, Your word says that a sparrow cannot fall to the ground without Your notice, so it is therefore probable that this great state of Florida cannot rise without Your aid. Because You do govern the affairs of men and we call upon You to preside over and lead this session today. Give these representatives vision, clarity, the ability to be well informed as they pass good laws for our state and as they finalize these plans at the end of this 2013 legislative session. And our prayer is that they would lead with common sense, make truth plain to them, and help them serve with character and integrity. Give them courage to do the right thing. Give them tender hearts of compassion towards those they lead and those they serve. And Father, last, we pray not only for their decisions, but, God, grant them great strength and endurance over these final days as their bodies grow weary. And we pray for their families and loved ones, as they, too, have sacrificed during this process. So today we lift up this final week of the Florida legislative session for You and for Your glory. Everything done, be done for the good of our state and the glory of our God. In Jesus' name. Amen.

Amendment 3 (with title amendment)—Remove lines 89-125 and insert:

(b) The utility shall comply with the following requirements in order to be eligible to recover any additional costs associated with such plant pursuant to this section. For purposes of this section, the term "additional costs" means any and all costs associated with or related to the plant incurred after December 31 of the year in which the utility receives a license from the Nuclear Regulatory Commission.

(c) In its next filing with the Public Service Commission after receiving a license from the Nuclear Regulatory Commission, the utility shall present a firm cost for its nuclear project in terms of:

1. The total project cost, including all capital costs, capitalized carrying costs, and preconstruction and carrying costs that would be borne by customers if cost recovery were granted pursuant to this section.

2. The projected total cost for energy to be produced by the nuclear plant, both in total dollars per year and on a cents per kilowatt-hour basis, for each year beginning with the year that the plant achieves inservice status and continuing for 30 years thereafter, provided that all costs recovered before the facility achieving inservice status are added into the projected costs per kilowatt-hour on an equal, pro rata basis over the first 10 years after the plant achieves inservice status.

3. The projected rate impacts on all customer classes for each year beginning with the year after such filing and continuing for 30 years after the plant is projected to achieve inservice status.

In an order approving cost recovery for such additional costs, the commission shall specify the maximum amounts that the utility may recover in each year of the 30-year period, and shall also specify the maximum rates that the utility may charge its customers over the same 30-year period.

(d) The utility's testimony accompanying the filing referred to in paragraph (a) shall include testimony by its president or chief nuclear officer affirming that the utility guarantees that the costs and rates shown in its exhibits are the maximum amounts that the utility will seek to recover from its customers associated with the plant through the 30-year period after the plant achieves inservice status. In proceedings on such filing, the commission shall conduct a formal evidentiary hearing in which the utility must prove that there are no more demand side measures or supply side alternatives available that would not meet projected electricity demand at a lower cost per kilowatt-hour.

(e) In order to demonstrate that the utility has satisfied this requirement, the utility, after having accounted for all achievable demand-side measures that meet electricity demand at a lower cost per kilowatt hour, shall have offered to purchase amounts of alternative sources of energy, including renewable energy, that can meet the remaining electricity demand that would be produced by its proposed nuclear plant for the 30-year period at prices that are no greater than 90 percent of the yearly projected cost per kilowatt-hour for the nuclear energy.

(f) The Legislature encourages the use of a competitive auction process among such energy providers in order to obtain needed electricity at the lowest possible cost, as demonstrated by competitive market forces. If a reliable energy provider offers to provide such energy at prices that are no greater than 90 percent of the projected nuclear energy cost per kilowatt-hour over the 30-year period, or if a competitive auction process yields winning bid prices that are less than 90 percent of the projected nuclear energy cost per kilowatt-hour over the 30-year period, the commission shall approve contracts between the utility and such providers for cost recovery in accordance with its normal practices.

Section 8. Section 1006.33, Florida Statutes, is repealed.

Section 9. Section 1006.34, Florida Statutes, is amended to read:

1006.34 Powers and duties of the State Board of Education ~~commissioner and the department~~ in evaluating ~~selecting and adopting~~ instructional materials.—

(1) PROCEDURES FOR EVALUATING INSTRUCTIONAL MATERIALS.—The State Board of Education shall adopt rules prescribing the procedures by which the department shall evaluate instructional materials submitted by publishers and manufacturers in each review for approval ~~adoption~~. Included in these procedures shall be provisions affording each publisher or manufacturer or his or her representative an opportunity to provide a live virtual or in-person presentation to the department ~~state~~ instructional materials reviewers on the merits of each instructional material submitted in each review for approval ~~adoption~~.

(2) FEES.—The State Board of Education shall adopt by rule a fee schedule specifying the amount of fees that the department may charge publishers who submit instructional materials for review. Fees may not exceed the actual costs for the review, taking into consideration the cost of reviewers, the content area and complexity of the instructional materials to be reviewed, and other relevant factors. The fee schedule must specify the amount that may be collected by the department for each submission.

~~(2) SELECTION AND ADOPTION OF INSTRUCTIONAL MATERIALS.—~~

(a) The department shall notify all publishers and manufacturers of instructional materials who have submitted bids that within 3 weeks after the deadline for receiving bids, at a designated time and place, it will open the bids submitted and deposited with it. At the time and place designated, the bids shall be opened, read, and tabulated in the presence of the bidders or their representatives. No one may revise his or her bid after the bids have been filed. When all bids have been carefully considered, the commissioner shall, from the list of suitable, usable, and desirable instructional materials reported by the state instructional materials reviewers, select and adopt instructional materials for each grade and subject field in the curriculum of public elementary, middle, and high schools in which adoptions are made and in the subject areas designated in the advertisement. The adoption shall continue for the period specified in the advertisement, beginning on the ensuing April 1. The adoption shall not prevent the extension of a contract as provided in subsection (3). The commissioner shall always reserve the right to reject any and all bids. The commissioner may ask for new sealed bids from publishers or manufacturers whose instructional materials were recommended by the state instructional materials reviewers as suitable, usable, and desirable; specify the dates for filing such bids and the date on which they shall be opened; and proceed in all matters regarding the opening of bids and the awarding of contracts as required by this part. In all cases, bids shall be accompanied by a cash deposit or certified check of from \$500 to \$2,500, as the department may direct. The department, in adopting instructional materials, shall give due consideration both to the prices bid for furnishing instructional materials and to the report and recommendations of the state instructional materials reviewers. When the commissioner has finished with the report of the state instructional materials reviewers, the report shall be filed and preserved with the department and shall be available at all times for public inspection.

(b) In the selection of instructional materials, library media, and other reading material used in the public school system, the standards used to determine the propriety of the material shall include:

1. The age of the students who normally could be expected to have access to the material.

2. The educational purpose to be served by the material. In considering instructional materials for classroom use, priority shall be given to the selection of materials which encompass the state and district school board performance standards provided for in s. 1001.03(1) and which include the instructional objectives contained within the curriculum frameworks approved by rule of the State Board of Education.

3. The degree to which the material would be supplemented and explained by mature classroom instruction as part of a normal classroom instructional program.

4. The consideration of the broad racial, ethnic, socioeconomic, and cultural diversity of the students of this state.

Any instructional material containing pornography or otherwise prohibited by s. 847.012 may not be used or made available within any public school.

~~(3) CONTRACT WITH PUBLISHERS OR MANUFACTURERS; BOND.~~—As soon as practicable after the commissioner has adopted any instructional materials and all bidders that have secured the adoption of any instructional materials have been notified thereof by registered letter, the department shall prepare a contract in proper form with every bidder awarded the adoption of any instructional materials. Each contract shall be executed by the commissioner, one copy to be kept by the contractor and one copy to be filed with the department. After giving due consideration to comments by the district school boards, the commissioner, with the agreement of the publisher, may extend or shorten a contract period for a period not to exceed 2 years; and the terms of any such contract shall remain the same as in the original contract. Any publisher or manufacturer to whom any contract is let under this part must give bond in such amount as the department requires, payable to the state, conditioned for the faithful, honest, and exact performance of the contract. The bond must provide for the payment of reasonable attorney's fees in case of recovery in any suit thereon. The surety on the bond must be a guaranty or surety company lawfully authorized to do business in the state; however, the bond shall not be exhausted by a single recovery but may be sued upon from time to time until the full amount thereof is recovered, and the department may at any time, after giving 30 days' notice, require additional security or additional bond. The form of any bond or bonds or contract or contracts under this part shall be prepared and approved by the department. At the discretion of the department, a publisher or manufacturer to whom any contract is let under this part may be allowed a cash deposit in lieu of a bond, conditioned for the faithful, honest, and exact performance of the contract. The cash deposit, payable to the department, shall be placed in the Textbook Bid Trust Fund. The department may recover damages on the cash deposit given by the contractor for failure to furnish instructional materials, the sum recovered to inure to the General Revenue Fund.

~~(4) REGULATIONS GOVERNING THE CONTRACT.~~—The department may, from time to time, take any necessary actions, consistent with this part, to secure the prompt and faithful performance of all instructional materials contracts; and if any contractor fails or refuses to furnish instructional materials as provided in this part or otherwise breaks his or her contract, the department may sue on the required bond in the name of the state, in the courts of the state having jurisdiction, and recover damages on the bond given by the contractor for failure to furnish instructional materials, the sum recovered to inure to the General Revenue Fund.

~~(5) RETURN OF DEPOSITS.—~~

When the bond and contract have been executed, the department shall notify the Chief Financial Officer and request that a warrant be issued against the Textbook Bid Trust Fund payable to the successful bidder in the amount deposited pursuant to this part. The Chief Financial Officer shall issue and forward the warrant to the department for distribution to the bidder.

(b) At the same time or prior thereto, the department shall inform the Chief Financial Officer of the names of the unsuccessful bidders. Upon receipt of such notice, the Chief Financial Officer shall issue warrants against the Textbook Bid Trust Fund payable to the unsuccessful bidders in the amounts deposited pursuant to this part and shall forward the warrants to the department for distribution to the unsuccessful bidders.

(e) One copy of each contract and an original of each bid, whether accepted or rejected, shall be preserved with the department for at least 3 years after the termination of the contract.

(6) ~~DEPOSITS FORFEITED.~~ If any successful bidder fails or refuses to execute contract and bond within 30 days after receipt of the contract, the cash deposit shall be forfeited to the state and placed by the Chief Financial Officer in the General Revenue Fund.

(7) ~~FORFEITURE OF CONTRACT AND BOND.~~ If any publisher or manufacturer of instructional materials fails or refuses to furnish instructional materials as provided in the contract, the publisher's or manufacturer's bond is forfeited and the commissioner must make another contract.
